DANISH SUN ENERGY is headquartered in Noerresundby, Aalborg, Denmark and has a development/engineering team in Denmark, Kenya, Latvia, Lithuania and Spain.

Who is dansolar?

DanSolar offers complete solar energy solutions in Denmark and abroad. DanSolar is a Danish-owned company founded in 2006. With DanSolar, you get a strong and highly experienced solar cell supplier.

Should Denmark be independent of fossil energy sources?

In the long term, Denmark must be independent of fossil energy sources, and since the operation of buildings accounts for approx. 40% of the total energy consumption in Denmark, it is necessary to have a tight but realistic strategy for both new construction and energy renovation of existing buildings.

Who are DSE solar components distributors?

DSE is the official distributor for some of the well known solar components producers like Fronius, ABB, Steca, MorningStar, Grundfoss, Victron Energy, Hoppecke etc. Based on our in-depth PV technology knowledge and insight in the solar components market, we are capable of selecting the right quality products without any compromise.

Who can buy and sell solar panels?

With DanSolar, you get a strong and highly experienced solar cell supplier. In principle, anyone can buy and sell solar panels, but only a few can configure systems like DanSolar and offer turnkey contracts in connection with the design, setup, assembly and installation of both ordinary systems and solar parks.
