

# Goldwind solar container company factory operation

What is Goldwind service?

The essence of service lies in value improvement. Goldwind Service collaboratively innovates with the whole industrial chain to provide clean energy planning and design, engineering construction, intelligent operation and other integrated one-stop services for the whole life cycle of new energy projects.

Who is Goldwind?

Goldwind is a global leader in clean energy, energy conservation, and environmental protection. As a world-top wind turbine manufacturer, we are committed to providing integrated wind power solutions, including wind farm sitting, design, and construction; wind turbine equipment manufacturing, installation, and maintenance.

What is Goldwind Solution Factory?

Goldwind is committed to developing itself into a stable and reliable long-term partner. The Solution Factory will fulfill the mission of providing customers with full lifecycle service solutions, and gradually extend from project operation and maintenance services to project development and production delivery.

What is Goldwind Vietnam solution factory?

Based on a digital platform, Goldwind Vietnam Solution Factory is provided with a monitoring and data center. In combination with the climate monitoring, ship dispatching and local supply chain management system, it is aimed to jointly create an Intelligent Operations Center (IOC) and provide customers with one-stop solutions.

How did Goldwind impact China's Wind power industry?

Goldwind's impact on China's wind power industry began when it started researching and developing wind turbine manufacturing technologies. This marked a new era for China's wind turbines manufacturing and led to Goldwind's rapid development.

Why should we work with Goldwind in Vietnam?

The delegates fully recognized the high-quality delivery and reliable operation of Goldwind's projects in Vietnam and were willing to work with Goldwind to promote the development of Vietnam's wind power industry and make a contribution to the global energy transition.
