Who is Haigang container service?

Haigang Container Service CO.,LIMITED has long been focusing on global container recycling/sale/lease/storage and maintenance services. The company has cooperative yards in major ports and railway hub cities around the world, which can provide customers with high-quality and stable services. The company was established in 2020.

Are Chinese-manufactured solar panels putting up in European warehouses?

Chinese-manufactured solar photovoltaic (PV) panels are piling up in European warehouses, with Rystad Energy forecasting 100 GWdc of solar capacity in storage by the end of 2023.

When is the annual examination for Haigang container service company limited?

The date of annual examination for this private company limited is between Aug 20 and Oct 01 upon the anniversary of incorporation. The company's status is listed as "Live" now. Haigang Container Service Co., Limited has been operating for 3 years 8 months, and 4 days.

Where are Chinese solar panels coming from?

The imports are heading to several key destinations, including the Netherlands, Spain, Germany, Poland, France, Greece, Italy, and the UK. The Netherlands was the standout leader in Chinese PV imports in 2022, bringing in almost 45 GWdc alone, more than ten times the amount of panels installed domestically across the year.

Which countries import the most solar panels from China?

Spain, Germany and France also imported more panels from China than they installed from any source. Greece has a similar profile to the Netherlands but on a smaller scale, with the country installing the equivalent of only 15% of the capacity imported from China.

Will European solar panels keep up with the growth of imported solar panels?

These goals include a target for 30 GWdc of European manufacturing along the entire value chain by 2025 and 40% of installed solar PV being manufactured within the continent by 2030. Despite these ambitious goals, between 2019 and 2022, locally-made modules could not keep pace with the growth of imported panels.

After collecting Haigang Container Service Co Ltd import-export transactional data, it is a standardized and normalized to build a 360-degree trade profile of the company.
