

# How is the solar container science and engineering of neigong university

Irkutsk National Research Technical University, Department of Engineering Services and Life-Support Systems, 664074, Lermontova str., 83, Irkutsk, Russia [Figures](#) [Skip to each figure in the article ...](#)

One of her research focuses is the development of nano-engineered particulate semiconductor photocatalysts, molecular complexes and hybrid systems for conversion of solar energy to chemical ...

College of Material Science and Engineering, Huaqiao University 09/2008-- 07/2012 B.S. Polymer Material and Engineering, College of Material Science and Engineering, Huaqiao University [Research ...](#)

Dr. Cheng Gong | Perovskite Solar Cell | Best Researcher Award Deputy Director of the Department of Energy and Physics at Jiangxi University of Science and Technology, China ...

Efficiently and economically harnessing the solar energy via photovoltaic (PV) devices presents one of promising solutions to the global energy crisis. However, over 80% available PVs are silicon-based ...

Over the years, with the support of the National Natural Science Foundation of China, Prof. Gong Jinlong of the School of Chemical Engineering and Technology at Tianjin University, has improved ...

All-polymer solar cells (all-PSCs) have seen rapid progress enabled by the development of high-performance polymer acceptors. Most polymer acceptors are based on the monomers of a classic ...

Performance study on a new solar aided liquid air energy storage system integrated with organic Rankine cycle and thermoelectric generator [Article](#) Mar 2023 Yufei Zhou Liqiang Duan Xingqi Ding ...

1990-1993, Department of Materials Science and Engineering, Tsinghua University, Lecturer 1988-1990, Department of Materials Science and Engineering, Tsinghua University, China, Teaching Assistant
