

Herein, the contribution of carbon materials, including graphitic carbon nitride, is reviewed by classifying solar energy utilization into two categories: direct utilization and conversion ...

Q-Carbon Material Co., Ltd. adheres to technological innovation and focuses on the application of new materials in the fields of aerospace, solar energy, semiconductors, new energy vehicles, and large ...

Five researchers affiliated with Nagoya University have been named in Clarivate's Highly Cited Researchers List for 2025. This list recognizes researchers who demonstrate significant and ...

New study shows how a major space storm dramatically shrank Earth's protective plasma layer and slowed its recovery, helping improve solar storm forecasts and protect space infrastructure we ...

This review offers a detailed examination of the latest advancements in carbon nanotube technology and its applications, including its use as transparent conductive electrodes, ...

Discover how the BESS Container Recycling Ecosystem aligns with the EU's 2027 Battery Passport regulation--featuring recyclable designs, LFP battery magic, and EU recycler partnerships. ...

This paper reviews the research progress of carbon-based photothermal conversion materials and the mechanism for solar-driven interfacial photothermal conversion water evaporation, as well as the ...

In summary, the dual-function material has good prospects for use under different conditions, and its designed model provides new ideas for the preparation of photothermal materials.

SDW Foldable House. Its bi-wing expansion maximizes space, solid materials guarantee durability (you can see the craftsmanship!), and installation is so simple even your team can do it in hours. Whether ...

In a recent publication in Nature Catalysis, the researchers debut a self-contained carbon-carbon (C2) producing system that combines the catalytic power of copper with perovskite, a ...

Find 4317509 new solar container model of electric vehicles for 3D printing, CNC and design. The electric vehicle prevalent in Cameroon's urban areas has a 4-seater design and is doorless, ...

Looking to crack EU low-carbon storage markets without getting side-eyed by CBAM? Our CBAM-compliant BESS Container is your secret weapon--featuring recycled aluminum, 95% ...

New solar container carbon materials
