

# Pangang group solar container

Who is Pangang Group Company Ltd?

Pangang Group Company Ltd. industry has a series of high-quality brand-name products represented by heavy rails, plates, and special steel. The products are widely used in metallurgy, petroleum, railway, chemical industry, shipbuilding, construction, machinery manufacturing, household appliances and other industries.

What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest Panels lays flat on the ground.

What does Pangang stand for?

Pangang Group Company Ltd.(referred to as Pangang) is a super-large vanadium-titanium iron and steel enterprise group developed by relying on the rich vanadium-titanium magnetite resources in Panxi area and relying on independent innovation.

What kind of products does Pangang manufacture?

Pangang has formed a series of unique vanadium,titanium and steel products. The technology and varieties of vanadium industry are leading in the world,and it has a series of products such as vanadium pentoxide,medium vanadium iron,high vanadium iron,vanadium trioxide,vanadium nitrogen alloy and so on.

Where is Pangang located?

The Panxi region where Pangang is located is one of the regions richest in mineral resources in my country and even in the world,it is the second largest iron ore area in my country,containing tens of billions of tons of vanadium-titanium magnetite resources.

When was Pangang founded?

Pangang was founded in 1965. The first phase of construction was extremely arduous. Iron was tapped in 1970,steel was tapped in 1971,and steel was tapped in 1974. This ended the history of no large iron and steel enterprises in western my country.
