

Picture of a stool that can be sat on and store electricity

What is that stool?

Developed by Alondra Elizalde, That Stool is a flatpack DIY small stool designed with easy assembly to provide a practical means of having a stool anywhere, at any time. Why is it noteworthy? That Stool is comprised of only a few parts: a seat rest, five legs, a couple of star-shaped spindles, and some connecting nuts and bolts.

What is a sustainable stool?

But as you dig and look deeper, you realize the stool has quite a lot to offer. The sustainable stool is made using cork and wood, creating a sturdy and durable seating design that is truly eco-friendly, and also quite aesthetic to look at. Cork and wood were selected to build the wood, rating it pretty high on sustainability.

What is a stump stool?

The new Stump stool features a different design, as the patterns form a terrazzo-like design that offers the stool a textured and colored look. You can pick stools with a kaleidoscope-like finish, which provides a fresh interpretation of how recycled materials can be used to elevate a design.

What is a +52 stool?

The +52 stool isn't just a typical furniture design and is created to be a scenario. The stool captures and showcases the potential of the undervalued wood types, and how they can be used as sustainable alternatives to the typically-used wood types. The stool is manufactured using non-commercial woods such as koto, willow, elm, acacia, and birch.

What are the parts of that stool?

That Stool is comprised of only a few parts: a seat rest, five legs, a couple of star-shaped spindles, and some connecting nuts and bolts. All contained within a flatpack corrugated cardboard box, the parts of That Stool are easy to assemble with no additional hardware required.

What is a SuperOp stools made of?

The stool is manufactured using non-commercial woods such as koto, willow, elm, acacia, and birch. These colorful little stools/tables are called the Superop tables, and they have mesmerizing terrazzo-like surfaces that have been crafted from recycled plastic.
