State Grid Electric Power Research Institute is affiliated of State Grid Corporation of China. Wuhan NARI Limited Company of State Grid Electric Power Institute is the Wholly-owned subsidiary of State Grid ...

In November 1965, the Great Northeastern Blackout left 30 million people in the United States and parts of Eastern Canada without electricity. Historic in scale and impact, it demonstrated the nation's growing dependence upon electricity and its vulnerability to power loss. The event marked a watershed moment for the U.S. electricity sector and contributed the creation of the Electric Power Research Institute. Following the blackout, among other factors, the United States Congress held hearings in the early 1970...
