

Tbea solar container conference

Is TBEA launching a new energy storage product?

TBEA has unveiled two new energy storage products at the 13th Energy Storage International Summit and Exhibition (ESIE2025) held earlier this month. Both products are presently available only in China and the specifications of their international versions are yet to be finalized.

How many products did TBEA exhibit at SNEC 2025?

On June 11, TBEA showcased nine comprehensive system solutions and 53 core products, welcoming visitors to the 2025 SNEC exhibition.

What will TBEA do in 2025?

With string PCS now holding a 45% domestic market share, expected to surpass central inverters by 2025, TBEA plans to focus on renewables, grid-side peak shaving, and international markets. As of March 2025, TBEA's cumulative global storage deployments have exceeded 4 GWh.

Does TBEA offer a 20-foot containerized AC/DC integrated system?

TBEA also introduced a 20-foot containerized AC/DC integrated system with a capacity of 6.25 MWh. According to the manufacturer, this system offers a 25% increase in energy density compared to conventional 5 MWh units, while reducing unit investment costs by 6-10%.

How many GWh does TBEA have?

As of March 2025, TBEA's cumulative global storage deployments have exceeded 4 GWh. This content is protected by copyright and may not be reused.

How does TBEA's O&M system work?

Its intelligent O&M capabilities, based on TBEA's mature PV power plant management system, utilize astronomical algorithms and inverse tracking technology to maintain optimal generation angles, further increasing power output by 5%. In extreme weather conditions, the system automatically activates smart risk-avoidance modes.
