

The sofa can store electricity and turn into a bed

Hey all, I'm building a basement home theater, and one of the wife's requirements is that it also needs to be a spare bedroom in a pinch. Are there any good theater seating options that would work as a bed, ...

How To Build a DIY sleeper sofa, futon, sofa, couch, bed out of a cheap, ready-made ebay futon. Cushions are often the most difficult part of DIY sofa projects, so I wanted to try a project that ...

I moved in on a Saturday. Hired movers, set up my charcoal leather sofa, my glass dining table, my ridiculous mattress that cost more than my first car. Turned the second bedroom into an office with a ...

803 Likes, TikTok video from chels (@itschelseahope): "Turning the couch into a bed &&& #couch #modularcouch". Couch. when people ask me what I do on the weekends:original sound - ar1esliver.
