

Used batteries for household solar container

Where can I buy used solar batteries?

Get the best deals for used solar batteries at eBay.com. We have a great online selection at the lowest prices with Fast & Free shipping on many items!

Why did you buy a battery storage container?

"We initially bought this as part of a lean objective to have a place to simply store used batteries. This product has saved us time and space in how we used to store the batteries we used up. The container is sturdy and yet very light. And just a right size for many parts of our location where space it at a premium. Overall, just a fine product!!"

What is the storage capacity of a used battery container?

Storage Capacity 5 gal. Each absorbs up to 11 gal. Each absorbs up to 8 gal. Each absorbs up to 63 gal. Meet universal waste regulations with this dry-cell Used Battery Container. Easy to reseal; clear sidewalls and label prevent improper disposal. At newpig.com.
