

What does the subway vehicle solar container device include

When a subway vehicle runs in a subway tunnel equipped with the wind power generation system having such a configuration, each unit installed at a predetermined interval starts to generate power ...

Embodiments of this specification provide a system and method for assisting intelligent maintenance for a subway vehicle, a device and a medium. The system includes: a pair of AR smart glasses, ...

A "subway car" is the passenger compartment of a train. It's the individual passenger units that make up the whole train. So usually, there are eight to ten subway cars on one train that passengers can go ...

To further enhance the crashworthiness of subway vehicle anti-climb energy-absorbing devices, this paper proposes a novel collapsible structure, which is embedded with honeycomb ...

The goal of the project is to develop and demonstrate instrumentation on a data collection car to measure potential regenerative braking performance, peak shaving, and energy savings in the New ...

By integrating solar panels, batteries, and smart control systems into a transportable container, they provide clean, reliable, and scalable power in locations where conventional solutions ...

To further enhance the crashworthiness of subway vehicle anti-climb energy-absorbing devices, this paper proposes a novel collapsible structure, which is embedded with honeycomb aluminum blocks ...

The solar container can remain in place during this time and takes up only a few parking spaces. When the winter season is over, it can quickly be used again to generate electricity. This is just one of many ...

The utility model discloses a subway tunnel energy-saving lighting device is applied to the subway tunnel, include: the device comprises a blade group, a generator, a rectifier, an energy storage ...

A modular air-conditioning control panel for a subway vehicle, characterized in that it includes a mounting plate, the mounting plate is provided with a communication control component, a human ...

The present invention provides a subway payment method and device, terminal equipment, and a computer-readable storage medium, wherein the subway payment method includes: enabling the ...

Today on the L platform, a cop ticketed me for having an open container while I was drinking a sprite lmao. I asked him if it was illegal to drink soda and he said that any open container is illegal even if its ...
